# Know Us

INNOVATION

TEAM WORK

QUALITY

COMMITMENT

SATISFACTION

SRP ENGINEERING AND TECH is leading Process Engineering solution provider Company in INDIA, engaged in Design, Engineering, Manufacturing, Supply & Commissioning of Industrial Process Plants and Equipment's such as Evaporation, Distillation, Recovery, Extraction, Zero Liquid Discharge(ZLD), Drying, Mixing, Material Handling & other process equipment's and process plants on Turnkey Basis. We offers a comprehensive range of services to support industrial process plants and equipment's, such as Basic Engineering Design, Process Simulation, and Feasibility studies.

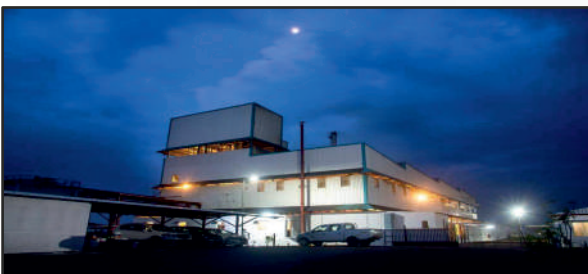

SRP Engineering and Tech is ISO Certified company, established in 2017 by young and dynamic team of Engineers. We came in existence with latest technology and process development with expert and experienced engineered solution.

We are highly technology driven, we use our skills as qualified and team work to achieve Excellency and quality Products. Every customer and his satisfaction are our asset.

### Our Vision:

To be a world-wide leading Process Engineering solution provider company that is renowned for its innovation, advance technology and best quality products with customer satisfaction.

## Turnkey Solution

Design | Engineering | Manufacturing | Erection | Commissioning

Chemical Process Plant  
Pharmaceutical Process Plant

Distillation System  
Solvent Recovery Plant  
Packing & Internals (Mass Transfer Products)

Zero Liquid Discharge (ZLD) System  
Multi Effect Evaporation (MEE) System

Agitated Thin Film Dryer (ATFD)  
Agitated Thin Film Evaporator (ATFE)  
Wiped Film Evaporator (WFE)

Effluent Treatment Plant (ETP)  
Dissolved Air Floatation Plant (DAF)

Basic Engineering  
Process Simulation  
Feasibilities Study

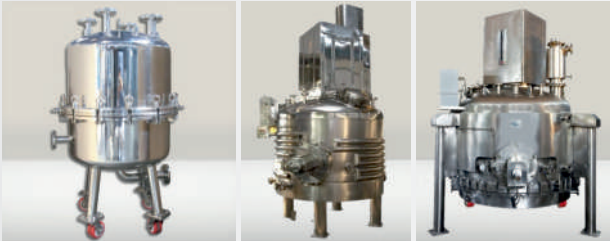

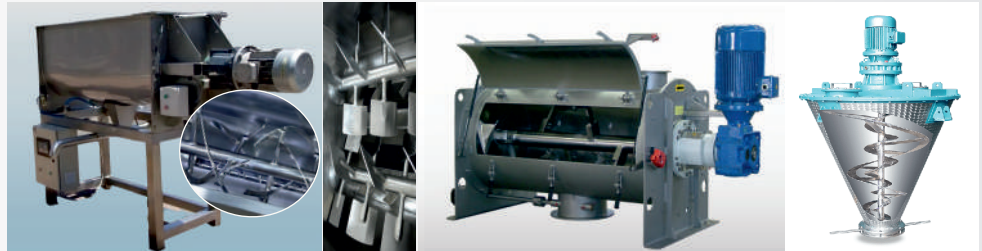

# Process Equipments

**Reactor**  
**Pressure Vessels**  
**Agitator & Mixers**  
**Heat Exchanger**  
**Distillation Column**  
**Evaporator**  
**Mixing Tanks**  
**Process Tanks**  
**Storage Tanks**  
**Fermenter**  
**Storage Silos**

## Mixers

**Ribbon Blender**  
**Conical Blender**  
**Paddle Mixer**  
**Plough Shear Mixer**

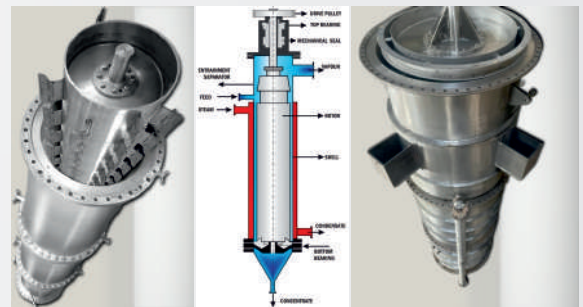

## Filters

**Pressure Nutsche Filter (PNF)**  
**Agitated Nutsche Filter (ANF)**  
**Agitated Nutsche Filter Dryer (ANFD)**

## Dryers

**Agitated Thin Film Dryer (ATFD)**  
**Rotary Dryer**  
**Steam Tube Bundle Dryer**  
**Spray Dryer**  
**Spin Flash Dryer**

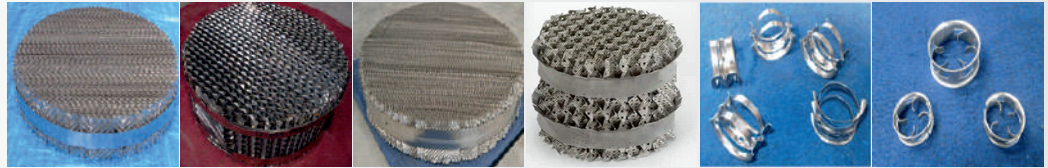

## Material Handling

**Screw Conveyor**  
**Pneumatic Conveying**  
**Belt Conveyor**  
**Slate Cooler**

# Mass Transfer Products

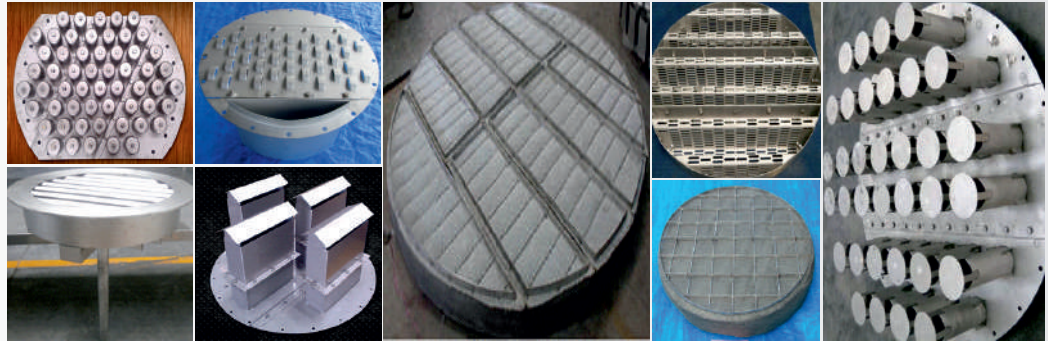

## Packing

Structured Packing  
Random Packing

## Internal

Trays  
Distributors  
Collectors  
Supports & Holders  
Demister  
Phase Separators

## Why Us !

Reliable,  
Advanced,  
Quality &  
Cost-Effective  
Solution.

Appropriate  
Process  
Engineering.

Basic Engineering  
Design,  
Process Simulation &  
Feasibility studies.

Commitment  
to energy  
saving  
technology.

Customer  
focused  
Approach.

## SRP Engineering and Tech

Head Office :  
915, 9th floor, City Avenue,  
Mumbai-Bengalore Highway,  
Wakad, PCMC,  
Pune - 411 057 (MH-India)

Works :  
PAP-A-29/16, Behind Mahindra,  
Chakan Industrial Area,  
Nighoje, PCMC,  
Pune - 410 501 (MH-India)
